**Looking for a species that you don't see?
Ask us about contract production!**

Important Terms of Contract:

To reserve tree seedlings, confirm availability with office and a deposit of 25% of order is required within 10 days after you receive the invoice for your order. Seedlings are a perishable item, as is all plant life, so to avoid a cancellation late in the season, we require full payment for your order at the time of pickup or by March 1st. If your order is not paid by March 1st, we will attempt to resell seedlings before the end of the planting season. Cancellations made after February 1st will forfeit deposit. All paid-in-full orders can be stored in our cooler until April 15th, after which there will be a storage fee of \$5.00 per day per order. Seedling harvest begins about February 1st, and weather permitting, should be completed by late February. To assure your order is completed and ready for pickup, please allow 7 days prior notice.

Shipping:

We will ship UPS at \$4.00 per carton, plus UPS charges. Each carton will hold 200 to 500 trees, depending on species. All shipped seedlings must be paid in full before shipment.

All orders will be honored subject to crop conditions at the time of lifting; with the understanding that orders will be void should unforeseen damage occur, natural, or otherwise. We give no guarantee on seedling survival, but we assure you that until pickup, your order will be in the best possible care.

Prices Subject to Change Without Notice

Any Orders of Less Than 100, Add \$25 to the 100-499 price.

Any Orders of Less than 50, Add \$50 to the 100-499 price.
